### School Science Lab

I feel delighted to state that our school has well-equipped practical laboratories which have been updated as per the requirements. These labs have helped our students to develop their experimental skills, reinforce theoretical concepts through real-world application, and foster scientific enquiry and critical thinking.

Our labs have provided the students with the space and resources to explore, experiment learn and develop a deeper understanding of science and experiential nature.

Our students have learnt to use scientific equipment safely and correctly and they have also learnt to collaborate with others, share work and contribute ideas.

### School Library

We have a big library in our school. It contains a large number of books on various subjects. Books arranged in bookshelves by subject wise. It has wide range of stories, novels, comic, biography and magazine of Hindi, English and Odia language. There are 60 rows of tables and chairs for students to sit and read the books in their library period.

### Computer Lab

I feel pleased to state that our school has well-equipped Computer practical lab which have been recently updated as per the requirements of the students and CBSE. Lab helps our students to develop practical knowledge about computer applications.

We have a big hall for computer lab where the students are freely use computers and develop their technical skill. We also provide Internet facility to our students. labs have helped our students to develop their experimental skills, to make stronger in theoretical concepts through real-world application. We are also able to conduct online examination of CBSE which will improve our student's confidence in future.
